DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 50-55 and 63-79 are rejected under 35 U.S.C. 102(b) as being anticipated by Winslow (US Patent 6,063,088). Winslow discloses a spinal assembly retractor (120, Fig. 3) having a retractor blade portion (204), in a channel (218) that provides an unobstructed view and is adapted to engagingly receive the retractor blade in use. Their shapes are complimentary. The retractor blade also has a stop to limit the amount of sliding. The retractor body also comprises a supporting member (106) that is used for attaching a retractor pin (110). The supporting member also defines a hollow tube (108) for the retractor pin, and wherein the channel may be considered concave. The blade is also capable of moving to the distal end of the channel. Winslow also defines a second pin and channel and wherein the first and second pins are attached to the first and second supporting members, respectively.

Response to Arguments

Applicant's arguments with respect to claims 50-55, and 63-79 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3733

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
